# Installing your new PHP Melody Theme

Thank you for choosing this PHP Melody theme for your video website.  
Updating your site's look is as easy as 1-2-3.

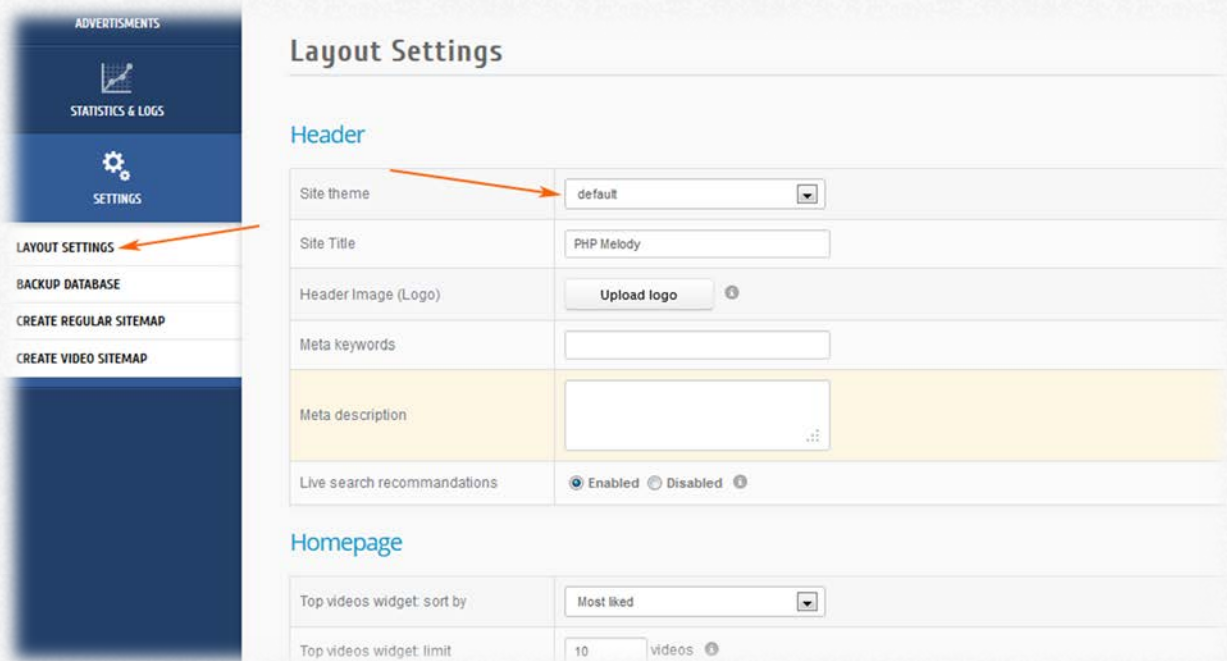

## 1 Upload

This theme resides in the `/Carbon` folder. Upload the `/Carbon` folder into your PHP Melody `/templates` folder.

The files should be uploaded in Binary mode.

## 2 Activate

Log into your Admin Area and browse to the “Settings” page. Under General Settings, the new theme should appear alongside the “default” one.

**Layout Settings**

## 3 Customize

Using the “Settings” page, update the following values as follows:

- **Videos per browsing page** – Change value from 12 to 15 (or multiple of 5)
- **New Videos limit** – Change value from 12 to 15 (or multiple of 5)
- **Top Videos widget limit** – Change value from 12 to 15 (or multiple of 5)

The screenshot shows the phpSUGAR administration interface. On the left is a sidebar menu with the following items: ADVERTISEMENTS, STATISTICS & LOGS, SETTINGS (highlighted with a gear icon), LAYOUT SETTINGS (indicated by an orange arrow), BACKUP DATABASE, CREATE REGULAR SITEMAP, and CREATE VIDEO SITEMAP. The main content area displays the 'Listings' configuration table. The table has two sections: 'Top videos widget' and 'Listings'. The 'Top videos widget' section includes settings for 'sort by' (Most liked), 'limit' (10 videos), and 'New videos limit' (12 videos). The 'Listings' section includes settings for 'Articles per browsing page' (5 articles), 'Videos per browsing page' (12 videos), and 'New videos\* page' (50 videos). The 'Videos per browsing page' setting is highlighted with an orange box.
